Monday

	Global Health Policy	Community and Global Health	Human Genetics	Developmental Medical Sciences	Human Ecology	Biomedical Chemistry**	Global Environmental Medicine*	International Cooperation for Medical Education	Global Environmental Health	Office of International Academic Affairs*
1st										
2nd										
3rd				Special Lecture in						
4th				Developmental Medical Sciences I					Special Lecture in Global	
5th									Environmental Health II	
6th										

Tuesday

	Global Health Policy	Community and Global Health	Human Genetics	Developmental Medical Sciences	Human Ecology	Biomedical Chemistry**	Global Environmental Medicine*	International Cooperation for Medical Education	Global Environmental Health	Office of International Academic Affairs*
1st										
2nd									Lab seminar (Enshu)	
3rd	Special Lecture in Global Health Policy I									
4th										
5th										
6th										

Wednesday

	Global Health Policy	Community and Global Health	Human Genetics	Developmental Medical Sciences	Human Ecology	Biomedical Chemistry**	Global Environmental Medicine*	International Cooperation for Medical Education	Global Environmental Health	Office of International Academic Affairs*
1st								(S1 only) International Cooperation for Medical Education		
2nd										
3rd	Lab seminar (Enshu)			Lab meeting	Human Ecology Special					
4th					Lecture II					
5th			Special Lecture in Human Genetics I							
6th										

Thursday

	Global Health Policy	Community and Global Health	Human Genetics	Developmental Medical Sciences	Human Ecology	Biomedical Chemistry**	Global Environmental Medicine*	International Cooperation for Medical Education	Global Environmental Health	Office of International Academic Affairs*
1st		Lab seminar	Lab seminar Lab sen		- Lab seminar					
2nd		Lab Seminar		Lab seminar						
3rd	Basic Tools for Population Health Research									
4th										
5th										
6th										

Friday

	Global Health Policy	Community and Global Health	Human Genetics	Developmental Medical Sciences	Human Ecology	Biomedical Chemistry**	Global Environmental Medicine*	International Cooperation for Medical Education	Global Environmental Health	Office of International Academic Affairs*
1st					Human Ecology Special					
2nd					Lecture I					
3rd		Community and Global								
4th		Health Lecture 1								
5th									Special Lecture in Global Environmental Health I	

^{*} Global Environmental Medicine and Office of International Academic Affairs will not offer lectures in FY2024.

^{**}The lab seminar usualy held from 10:00 am on Monday every 3 weeks and lecture schedule on Biomedical Chemistry**
